NEWLY BUILT 2 BR/2 BA QUAIN T COTTAGE IN OLD TOWN PINEHURST – 3 NIGHTS

Camellia Cottage was designed to look like it had always been part of the estate; with architectural details that mirror its mother property in accordance with the historical district's guidelines. Decorated in a mid-century French genre, the original art was collected during the owner's travels to complement an eclectic mix of vintage and modern furnishing. Step inside, however, and you experience the ambiance of contemporary features including a cathedral ceiling in the family room, built-in large screen TV and desk/bookshelf units in each bedroom. Every room offers a visual vista of mature foliage and gardens, unhampered by large, panel plantation shutters. Step outside to enjoy a private veranda adjacent to stone patio equipped for grilling outdoors.
